

# PROJECT

## WEBSITE AND A STUDENT PORTAL OF “CAREER COACHING CENTRE”

# **Career Coaching Centre Website**

## **OBJECTIVE:**

Development of a website and a student portal of Career Coaching Centre.

## **DESCRIPTION:**

Main objective of the website of Career Coaching Centre is to provide a feasible and quick way to maintain functionalities of the Coaching Centre and provide a beneficial portal to the students of Career Coaching Centre.

## **FEATURES:**

The system will be used to manage the data of Coaching Centre at a single platform. The main features of the system will be:

1. News and Updates
2. Top Results and Positions
3. Photo Gallery
4. Aptitude Test Information
5. Contact us
6. Alumni Registration
7. Login Panel for Students, Teachers and Admin
8. Teachers and Alumni profiles
9. Messages to Teachers and Students
10. Student's Marks
11. Notes and MCQ's for Students
12. Class Schedules

### **1. News and Updates:**

Admin dashboard will have a module to add, edit or delete news and updates which will be shown on the home page of the website in a news bar.

### **2. Top Results and Positions:**

The basic website will contain a static page showing all the top results and positions acquired by the Coaching Centre.

**Note:** This page will not have any update panel. We, the Oculars, must be contacted for any content update.

### **3. Photo Gallery:**

The basic website will contain a static page showing the photos related to Coaching Centre.

**Note:** This page will not have any update panel. We, the Oculars, must be contacted for any content update.

### **4. Aptitude Test Information:**

The basic website will contain a static page showing the aptitude test information of different universities.

**Note:** This page will not have any update panel. We, the Oculars, must be contacted for any content update.

## **5. Contact Us:**

The basic website will contain a static page showing the information to contact the Coaching Centre through which email could be sent to the admin's email id.

**Note:** This page will not have any update panel. We, the Oculars, must be contacted for any content update.

## **6. Alumni Registration:**

The basic website will provide a module where Alumni of the Coaching Centre can apply for registration. All the applications will be sent to Admin for approval or denial.

## **7. Login Panel:**

The basic website will provide a module where Students, Alumni, Teachers and Admin can login to use their personal rights by providing their credentials.

Admin dashboard will have a module to assign IDs and passwords to Students and Teachers.

## **8. Teacher and Alumni Profiles:**

Students or Admin can view Teachers and Alumni profiles after logging in. The profiles will contain basic information of the Teacher or Alumnus. Teachers/Alumni can edit their profiles after logging in.

## **9. Messages from Admin to Teachers and Students:**

Admin can send messages to particular teachers or class which will be shown on the teachers' or the class students on their dashboards.

## **10. Student's Marks:**

A student can view his marks after logging in. Admin will have a panel to Add, Edit or Delete the marks of any student.

## **11. Notes and MCQs:**

Teachers and Admin will have a module to insert Notes and MCQ based tests. Students can view the Notes entered by teachers and can solve the MCQs online only related to their Class.

**Note:** There will be no module to add or edit any class names. We, the Oculars, must be contacted to add or edit class names.

## **12. Class Schedules:**

Admin can add or edit the class schedules which students can view the class schedules of their class

## **LIMITATIONS:**

Following are the limitations which can be worked in future:

- Students can not comment on their marks.
- Alumni and Students can not send messages to each other.
- Admin cannot edit picture gallery.
- Admin directly creates students and teachers, no registration procedure.
- No one can change his password, once his ID is created.
- Admin can not add or edit classes.
- No fees related data will be accounted in this system.

## **PROJECT WORKING:**

Project development process is divided into two phases. Phase I and phase II. Phase I will be completed into 15-20 days. And phase II will be completed within 1 months.

### **PHASE I:**

- News and Updates
- Top Results and Positions
- Login Panel
- Student's Marks
- Class Schedules
- Photo Gallery
- Contact Us

### **PHASE II:**

- Aptitude Test Information
- Alumni Registration
- Teacher and Alumni Profiles
- Messages from Admin to Teachers and Students
- Notes and MCQs
